Think Different

Think Diverse!

The Project

The **Erasmus + THINK DIVERSE!** project n. 2020-1-IT02-KA227-ADU-095146 aims to develop creative skills in adult education, in a historical period that sees more and more people forced to change jobs or career paths.

Creativity can be a valuable element in fostering **learning**, improving **opportunities** in job search and facilitating career transitions.

Goal

The general objective of the project is to integrate the Key Competence 8: **"Competence related to cultural awareness and expression"** in the field of training by promoting awareness on the issue of **Diversity**, especially **gender, cultural and mental diversity**, creating a new model of collaboration between companies specialized in research and training and organizations of artistic-creative type. The contribution of the **Associations of the creative field** will be the involvement in the realization of training modules by providing methodologies typical of their sector, such as:

- photography
- video and visual arts
- music
- singing
- improvisational theater and artistic performance.

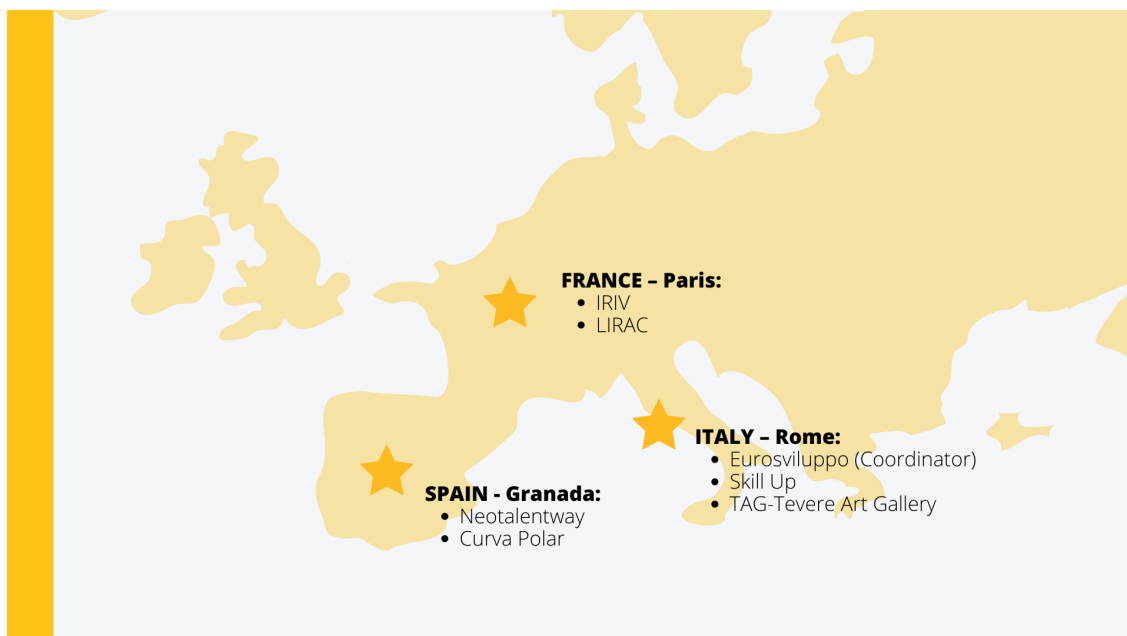

TD! Main Target

Trainers and operators in the field of social promotion, who will introduce Diversity in their training paths for adults and especially for those who want to work in social promotion.

TD! Final Beneficiaries

Young adults (under 35) who will benefit from the use of the Toolkit, developing a new approach to diversity and opening an innovative pathway to social inclusion education.

Our Partnership

Preparing for the March 25th, 2022 event at TAG - all partners, ROME

To date, the partners have already held two meetings in Rome, in September 2021 and March 2022 to continue the work in the realization of Creative Sets that are part of the first results of the TD project that can be found at the link: <https://thinkdiverse.eu/creative-toolkit/>

Over the course of 2 years, the partners intend to produce the following products:

- IO1 - The Creative Toolkit to increase awareness on Diversity ("Diversity System") (Leading Partner: EUROSVILUPPO)
- IO2 - Toolkit Evaluation Report (Leading Partner: NEOTALENTWAY)
- IO3 - Educational Creativity Framework (ECF) Handbook (Leading Partner: IRIV)
